CAREER OBJECTIVE

Junior MERN Stack Developer with hands-on experience building full-stack web applications using Next.js, React.js, Node.js, Express.js, and MongoDB. Passionate about learning modern web technologies and building user-focused applications through real-world projects.

SKILLS

- **Frontend:** HTML5, CSS3, JavaScript (ES6+), React.js, Next.js, TypeScript (Basic), Tailwind CSS, DaisyUI
- **Backend:** Node.js, Express.js, MongoDB (MongoDB Driver), REST API Development, BetterAuth
- **Tools & Platforms:** Git, GitHub, VS Code, Postman, Vercel, Render, Netlify
- **Interpersonal:** Problem-Solving, Time Management

PROJECTS

Flexura – Gym Management Platform | [Live Demo](#) | [Client Code](#) | [Server Code](#)

Tech Stack: Next.js, Node.js, Express.js, MongoDB, BetterAuth, Stripe, Tailwind CSS

- Implemented Role-Based Access Control (RBAC) using BetterAuth for Admin, Trainer, and Member dashboards.
- Integrated Stripe payment gateway infrastructure for automated membership checkouts and subscription workflows.
- Developed RESTful APIs with Express and MongoDB for trainer scheduling and class booking logic.

Fluento Speak – AI Language App | [Live Demo](#) | [GitHub Repo](#)

Tech Stack: Next.js, Node.js, Express.js, MongoDB, BetterAuth, Tailwind CSS

- Integrated an AI-powered chat assistant for real-time English conversation practice with Bengali support.
- Built automated AI generation endpoints to dynamically construct structured lesson titles, summaries, and exercises.
- Developed REST APIs for community lesson publishing, filtering, and user authentication using BetterAuth.

ReTech – Pre-Owned Gadget Marketplace | [Live Demo](#) | [Client Code](#) | [Backend Code](#)

Tech Stack: Next.js, TypeScript, Express.js, MongoDB, Tailwind CSS

- Developed full-stack marketplace features using Next.js App Router and TypeScript for strict type checking on props.
- Built REST APIs with native MongoDB Driver to handle gadget listings, updates, deletion, and filtering operations.
- Implemented authenticated product listing actions with responsive toast notifications for user interactions.

TRAINING & EDUCATION

- **Complete Web Development Bootcamp** — Programming Hero (2026)
- **BBA in Management** — Fatikchhari Govt College | 2nd Year (Ongoing)

LANGUAGE PROFICIENCY

- **Bengali:** Native | **English:** Working Proficiency | **Hindi:** Conversational
